

Attendance at a NCPE Corporations & Partnerships Seminar is a must! Why?

The **accounting** and **tax profession** will be on the front line of administering the new law changes, determining compliance and preparing the necessary forms with the IRS enforcing the changes!

PPA Care Act of 2010 greatly alters the manner in which health insurance will be purchased and sold in our country. It will place a heavy burden on taxpayers and businesses to comply with many provisions!

Health Care Reform – Some things to note.

Individuals:

Requires most Americans to have health insurance

Subsidies for those unable to afford health insurance

Penalties for failure to maintain health care coverage

Businesses:

Employer mandates - health insurance coverage

Subsidies to small businesses

W-2 Reporting of health care benefits

The Four Basic Levels of Coverage (Health Benefits)

Penalty Tax on Cadillac Plans

New Medicare payroll and Medicare contribution tax

Small businesses and self employed workers – The new rules drastically expand business reporting requirements for 1099s.

Hiring Act

Employer's Payroll Tax Holiday and Retention Credit – This tax break has broad application

American Jobs and Closing Tax Loopholes Act of 2010 – Proposed major S Corporation changes

Many more changes!
